

## Challenge #10: Responsive Layout

Objectives:

1. Implement responsive layout in your project.

Here is a code for a responsive layout in my project:

```
153  @media only screen and (max-width: 600px) {  
154      /* Your styles for screens 600px or less go  
      | here */  
155      .navbar {  
156      | width: 100%;  
157      }
```

2. This is part under the repo project called "IntroToComputing- Challenges".
3. Push this in github the documentation in PDF format. The comment of your commit must be the title of this activity.
